

# FINANCIAL COMPLEXITY MADE CLEAR

Fulcrum is a forensic accounting, finance, and economics consulting firm specializing in complex litigation, investigation and appraisal issues. We provide accurate, thoughtful and customized analysis, which we present in a clear and persuasive manner. Our experts possess a broad range of specialties which enable us to serve numerous industries and both large and small companies.

Fulcrum's experience and insight provides the following advantages:

- Our careful economic analysis and industry research, presented through effective witness testimony and graphics, gives juries the basis to determine proper damage amounts.
- Modeling techniques for lost profits, disgorgement, and forecasting assignments are reliable and reflect the experience of over a thousand prior analyses by our personnel.
- Accounting fraud and other financial investigations are thorough yet quick because our experts ask the right questions at the beginning.
- The combination of appraisal research and deep experience provides valuation conclusions that withstand scrutiny, even for intangible assets, closely-held businesses and other difficult-to-appraise interests.
- Our tenacious consultants know where to look for insights that provide proper royalties, insurance recoveries, and other payments due under your contracts.
