BST & Co's Valuation, Litigation and Forensic services division is recognized by leading attorneys, the judiciary, and adjusters as one of the Northeast's most respected and renowned team of financial service professionals. We provide services as both consulting and testifying experts and have successfully defended our opinions in numerous cases in New York State Supreme Courts, Federal District Court and formal arbitration proceedings conducted under the auspices of the American Arbitration Association. Our team consists of experienced professionals dedicated to valuation, litigation support, forensic accounting, fraud and investigative services. Specific areas of expertise include Matrimonial Business Valuation, Economic Damage Analysis, Insurance Loss Accounting and Claims Services and Corporate Governance. All BST & Co's professionals hold industry recognized certification including CPA/ABV, CFE, CFF, CFA, CBA, FABFA and CVA.

Michael J. Raymond, CPA/ABV, CFF - Managing Partner

Michael specializes in the areas of business valuation, personal and economic damage calculation and stock option valuation in litigation matters, including divorce, shareholder/partner disputes, personal injury and contract litigation. He has also prepared business valuations in the context of mergers, acquisitions, estate and gift tax matters.

Katie E. Stott, CPA/ABV - Partner

Katie has conducted numerous valuation engagements, including the valuation of privately held businesses, professional practices and deferred and equity-based compensation vehicles for a variety of circumstances, including matrimonial proceedings. She has also been involved in numerous forensic accounting engagements, including, but not limited to, asset tracings and lifestyle analyses.

Thomas A. Hutson, CPA/ABV, CFP, CFF - Partner

Tom has extensive experience in the preparation of business valuation reports and has also valued other securities and assets including professional licenses and other enhanced earnings capacities, and participants' interest in retirement plans and executive compensation award plans. Tom has conducted other forensic accounting engagements, including asset tracings, lifestyle analyses, the determination and qualification of unreported income or assets, and other financial services assignments.

Michelle Muir, CPA, CFF - Partner

Michelle has extensive experience in providing forensic and litigation services across a wide range of industries on issues including financial statement fraud, misappropriation of assets, fraud and internal investigations, accountants' liability, white collar investigations, commercial disputes and class action securities litigation. She has also been involved in the conduct of numerous valuation studies under a variety of circumstances including matrimonial proceedings.
