- Design and Construction Errors and Omissions
- Construction Defect Investigation Analysis and Remediation
- ADA and Handicapped Compliance and Accessibility
- Building Repair and Preventive Maintenance
- Residential and Commercial Design and Construction
- Historic Preservation and Adaptive Reuse
- Architectural Engineering
- Building Assessment
- Building Sciences
- Forensic Evaluation
- Water Leaks and Moisture Intrusion
- Expert Testimony and Trial Support

ACADEMIC AND PROFESSIONAL EXPERIENCE:

Elliott Dudnik has served as a technical consultant and expert witness in more than 100 court cases and dozens of building failure, handicapped-accessibility, architectural practice, construction defects, or building code related matters. He has consulted for private institutions, corporations, and individuals, as well as governmental or public entities including Northwestern University, Village of Wilmette, The Adler Planetarium, City of Evanston, and City of Chicago, where he served as expert on several high-rise facade failures and both the Epitome 2 Nightclub and 713 Wrightwood Porch Collapse tragedies. He has taught undergraduate and graduate level architectural design, construction, structural engineering, environmental controls, professional practice, and computer-aided design at universities in the US and abroad. Aside from his award-winning professional practice, he developed and taught Building Inspector Training and Porch Construction-Evaluation courses for the City of Chicago, served on several AIA, ASCE, and ASTM technical committees as well as committees to develop a new Chicago Building Code. He now serves as a Commissioner and as Secretary of the Evanston Preservation Commission. Dr. Dudnik has lectured worldwide, authored nearly 50 scholarly papers, and received more than 30 research grants and fellowships. In 2011, he was named a Fellow of the AIA for his contributions to the architectural profession.

PROFESSIONAL EXPERIENCE:

- Principal, Elliott Dudnik + Associates, Evanston, IL 1969-present
