"...have camera will Travel."

BIO: Spearheaded by David Kaltenbach over 25 years ago, Kaltenbach Productions is a full service video/multimedia production company that produces broadcast programs and documentaries, short and long subject. As a producer, director and editor, with a creative vision, David brings an eclectic background to the legal world of video production. The metamorphosis from filmmaker into law videography was a natural transition due to the intense and thorough detail of research and development which a film project requires.

AREAS OF EXPERTISE: All aspects of video/audio productions, video & multimedia presentation; filming of evidentiary records, depositions, victim videos and construction of story; day-in-the-life video; aerial drone camera operator; photography service; legal videography; digital audio/video acquisition of environmental science, marine biology and maritime issues; creation of story structure and timeline; content creation and acquisition of static & motion imagery; re-enactments. Video format: HD1080i / 4K.
